Dear Mr. Wildanger:

In response to your request of November 15, 1971 to obtain information on chemical, physical, and toxicological properties of Amchem Products' Rodine #50, Alodine #1200, and Alodine #1500, we are attaching Toxicological and Safe Handling Information Sheets for each of these products, and have completed item 8g on DAC 25-1837 Hazardous Materials Data Sheet.

If you require additional information, do not hesitate to contact us.

Very truly yours,

AMCHEM PRODUCTS, INC.

Lester Steinbrecher  
Director of Research
